

# GSWA Native Plant Program Order Form Directions

Welcome to the Native Plant Program Order Form Directions! This document will explain how the “shopping cart” order form works so you are ready to order when the sale opens.

Before the day of ordering, we are recommending that you browse the [downloadable PDF catalog](#) to know what you want before you order. To help with this process, we have made [Garden Planning Sheet](#) with an overview of the species and a column to make notes.

## **How to Use the 2026 Native Plant Order Form**

On April 1<sup>st</sup> at noon, an email will be sent out with the link to the order form. To be added to the email list, please email [nrago@greatswamp.org](mailto:nrago@greatswamp.org). The link will also be posted on our Native Plant Program Homepage as well.

The link will take you to the 2026 Native Plant Order Form, and you can start picking your plants! The order form is broken up into sections, individual species, garden kits, and additional items. If you select “Yes” from the drop-down menu in each section, the section will expand to show each item within that category. From there, you can add the quantities of each item you would like. *NOTE: individual species units consist of five plugs, and the garden kits consist of 25 plugs.*

Once you have selected the items you would like, continue to scroll down to the bottom of the page to select a pickup location and input your payment information.

The image shows a screenshot of the 2025 Native Plant Order Form. At the top, there is the logo for the Great Swamp Watershed Association. Below the logo, the text reads "Instructions" and "2025 Ordering is Live April 1st!". A notice states: "Our 5th Annual Plant for Pollinators Program will be open for purchasing on April 1 at noon, 12:00 PM. The Plant Sale Closes on April 18 at 5:00 PM." The main heading is "2025 Native Plant Order Form - Instructions". The instructions state: "For Kits, Individuals, or Additional. Select Option and add (+) the desired number for purchase. Leave the item selections expanded, and the total order cost will be calculated at the bottom of the form for review before you submit the order." Reminders include: "Select a Pickup Location (Mandatory). Add a Donation to the Order to show your support to GSWA. It is always appreciated!". The form is divided into three sections: "6 Garden Kits", "37 Individual Species", and "Plant Program Additional Items". Each section has a dropdown menu with "Select Option" as the current selection.

## Additional Items

If you are interested in ordering Additional Items, select “Yes” and the section will expand to show the additional items. Add the quantity of items you would like, and then scroll down to the next section.
